The Letter of Inquiry that you submit to the foundation should have a cover sheet containing information of your organization, chief executive officer, contact address and other details. The LOI itself should contain information about why the project should be implemented and how your organization will address the issue for which you are implementing the project. Geographic area, time period of the project, beneficiaries should also be covered. At the end, you can also mention the amount of funding or at least the estimated costs for the project. The LOI has to be submitted by email.

The foundation has not provided any format for the Letter of Inquiry but it usually suggests that it should be no more than 2 or 3 pages in length.
